Sir:

**Certificate**  
**JUN 13 2008**  
**of Correction**

Patentees respectfully request that a Certificate of Correction be issued in the subject patent, pursuant to 35 U.S.C. §254 and 37 C.F.R. §1.322, to correct the mistake shown on the attached Form PTO-1050.

The corrections of the recited dependencies in dependent claims 6, 7 and 8 correct for typographical errors in amendments to the respective corresponding dependent claims 11, 12 and 13 in the amendment filed September 4, 2007 in the application which issued as the subject patent. At page 5 of that amendment, dependent claims 11/4, 12/5 and 13/6 were amended, incorrectly, so as to all be dependent from claim 3 which is submitted to be self-evidently incorrect, since those three dependent claims 11, 12 and 13 were identical in content to each other and also to dependent claim 10. In the issued patent, claims 10-13, all identical to each other, all depend now from claim 1 (as renumbered in the printing of the patent) and applicants merely seek to reinstate the intended original numbering of those claims, in the change requested to the patent dependent claims 6, 7 and 8 so as to depend from dependent patent claims 2, 3, 4, respectively.

No new matter is introduced and accordingly approval of these corrections is respectfully requested.
